Expansion of Work To Bring Larger Numbers—Business Courses to Be Four Years

IS CALLED UNIQUE

W. T. Has Been Leader In New Ideas For the Teachers Colleges—Plan For Summer Increase

Significance of the change to take place in W. T. next year was discussed at the Rotary luncheon Tuesday by Dean R. P. Jarrett, past president of the club.

Dean Jarrett related the history of the college when it opened in 1910 as a normal school devoted largely to teacher training and a little college work. Subsequently the work was expanded, with about one-half devoted to general education. The third year was added and then the fourth year, making the college a standard institution still centered around the teacher training idea.

Several years ago work was planned to give two years of training that would lead to training students for the professional courses such as medicine, engineering, etc. This work was not particularly stressed in advertising the institution.

The Board of Regents recently asked that this work be stressed, based upon the policies of the University of Texas and other leading institutions. Those who take the first two years will not take teacher training. Nothing was said by the regents regarding the third and fourth years' work.

A four year business administration course will be offered leading to the B. B. A. degree. This course will be adapted to training (Continued on last page)

## Mrs. R. A. Warren Died Saturday With Funeral on Sunday

Mrs. Emma Warren, wife of R. A. Warren, died Saturday evening at 7:12 o'clock after an illness of two years. Mrs. Warren had reached the age of 65 years on Christmas day.

The funeral services were held Sunday afternoon at 3:00 o'clock at the First Christian Church, conducted by Rev. Stewart Marsh, assisted by Rev. J. O. Quattlebaum. Interment followed in Dreamland Cemetery under the direction of the Griggs - Thompson Funeral Home.

Active pall bearers were: Lige Frieze, Lee Foster, Dan F. Sanders, Bob Cox, R. A. Terrill and Carl Scott. Honorary pall bearers were Irby Carruth, D. A. Shirley, O. W. Gano, Dr. C. A. Pierle, W. W. Richeson, Rev. F. T. Charlton, C. M. Dowlen, I. W. Scott, Grady Oldham, W. C. Black, J. S. Pool, J. H. Lisle, Alfred Bellah, J. S. Cleland, R. L. Campbell, Don Trolinger, and W. D. Boling.

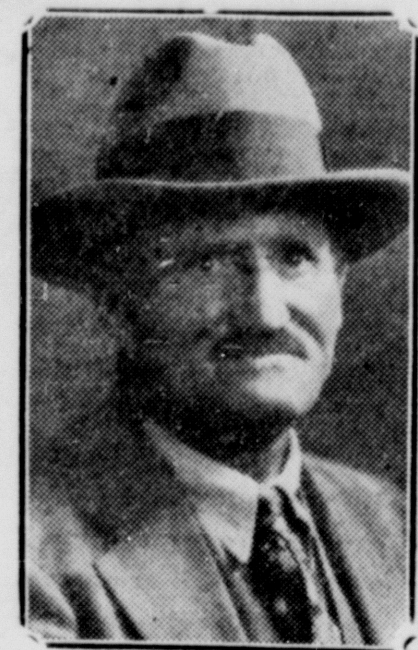

Surviving are: the husband, R. A. Warren, two sons, W. A. Warren of Canyon, and L. A. Warren of Cisco; one daughter, Miss Maye Warren of Canyon. L. A. Warren is in a Cisco hospital as the result of an automobile accident two weeks ago and was unable to attend the funeral. Six sisters and two brothers survive: Mrs. Lou Campbell of Gatesville, Mrs. Ida Hughes of Henderson, Mrs. Betty Hale of Gatesville, Mrs. Mae Price of Penwell, Mrs. Laura Choate of Henderson, Mrs. Maude Moody of Henderson, Harve Wisenhurst and William Whisenhurst of Gatesville.

The family has lived in Canyon for the past 11 years. Mrs. Warren was an active and devoted member of the First Christian Church.

## Negro CCC Worker is Killed Thursday Night in Accident

S. T. Spikes of CCC Company 2875 was killed Thursday night south of Happy on the highway when the truck in which he was riding collided with a car driven by Mrs. Gladys Lewis of Happy. Spikes was riding in the rear of the heavily loaded truck and was killed when the vehicle overturned. Captain Charles M. Krause took charge of the body which was turned to the Griggs-Thompson Funeral Home and shipped Saturday to the home of Spikes' mother in Fort Worth.

## W. E. Bennett Is Candidate Re-Election Commissioner

W. E. BENNETT

W. E. Bennett, Commissioner of Precinct No. 4, has authorized The News to announce his candidacy for re-election. Many friends in his precinct have urged that he continue in this office due to the record which he has made as county commissioner.

"I feel that the people of my precinct are satisfied with the work which I have been able to accomplish, since I have never lost a voting box in the precinct in the six times I have announced as a candidate," stated Mr. Bennett, Monday. This record indicates very clearly the fair methods that Mr. Bennett has used in handling the business not only of his precinct, but of the county as a whole.

"All of the highways of the county have been built during the time I have been commissioner, and I was present each time that state aid was asked for and granted by the State Highway Department," states Mr. Bennett. This includes the building of the highway from Canyon to the Palo Duro State Park.

Mr. Bennett has not only taken an active part in looking after the interests of his own precinct, but has been very active in the welfare of the entire county. He has been interested in seeing that the expenses of the county are held as low as possible, but at the same time to economically provide for those services which the taxpayers expect from the local government. He has worked diligently for equitable valuations throughout the county. The county is in good financial condition in spite of the hard period through which this section of the state has gone, and if re-elected to office, Mr. Bennett will continue to look as diligently after the people's business as he has in the past.

"I wish to assure all voters of the precinct that I appreciate their continued support. I know as well as any one that the county offices belong to the people to give to whom they see fit, and if I am re-elected I shall continue to serve them to the very best of my ability," concluded Mr. Bennett.

## Game Preserve To Include Park and Much Other Lands

A game preserve is to be established in Randall and Armstrong counties including and surrounding the Palo Duro State Park, according to information given The News Saturday by Mrs. Hal C. Peck, of Amarillo, member of the Texas Game, Fish & Oyster Commission. Request for this preserve was filed several months ago after a survey was made of wild life in this section by a federal government agent.

Mrs. Peck was not in position to say whether the commission would be able to add more game to this preserve during 1936. A few deer may be brought here. Quail are being purchased by the commission, which may be secured by any section which pays one-fourth of the expense.

More definite information is expected from Mrs. Peck after she attends the meeting of the commission in Austin this week.

T. C. Thompson left Monday for Dallas to attend a meeting of the hardware insurance company on Tuesday. He will go to Temple before returning home.

## NRS Office Moved to District Plant Amarillo Saturday

WPA Is Opened To Cases Up to January 1st—Commodity List Is Reduced By Order

The NRS office in Canyon was closed Saturday and all records moved to the district office in Amarillo. Miss Eva Robertson, who has been in charge of the local office, was transferred to Amarillo. She will continue looking after the cases of Randall and Swisher counties from Amarillo.

A new order has been issued out of the state office in San Antonio admitting to WPA all able bodied men who were given relief from Nov. 1st to Dec. 31st. Until this week all were excluded who had not been certified to WPA by Nov. 1st.

A new order was received by Mrs. Irene Sloan which excluded the issuance of commodities to those working under WPA. For the immediate future these commodities will be issued only to those who are on direct relief. This order reduced materially the amount of food which WPA families will have to live on unless the order is modified in the near future.

Practically all work has been closed in the local office so far as relief is concerned. Mrs. Sloan will continue to certify to the district office those who are found eligible for work under WPA.

## Fall Garden Makes Fine Showing With Variety Vegetables

M. H. Rockwell brought to the News office Saturday a box of vegetables which he and Mrs. Rockwell gathered from their fall garden Friday before the hard freeze. In the box were onions, lettuce, carrots, mustard and turnips.

"This is just to show what a fall garden will do," stated Mr. Rockwell. The box attracted much attention in the show window of the News office Saturday afternoon as citizens commented upon the size of the vegetables, and the fine quality.

Many other farmers report that their fall gardens were not killed by any of the cold spells until the hard freeze of Friday night.

Ray Johns left Saturday for Temple for medical treatment.

## J. D. Barker For Re-Election As County Attorney

J. D. BARKER  
Canyon, Texas,  
January 22, 1936.

Mr. Clyde Warwick,

Canyon News,

Canyon, Texas.

Dear Mr. Warwick:

You are hereby authorized to publish the following letter of appreciation and solicitation to the voters of Randall County, in which I ask for re-election to the office I now hold.

To the citizenry of Randall County, and to the officers with whom it has been my pleasure to work, the support, co-operation and moral backing afforded me during my tenure of office is most highly appreciated by the writer.

If I have so conducted the affairs of my office in a manner that merits your consideration, I sincerely solicit your vote, influence and co-operation. Trying always to remember for whom I am working, I beg to remain,

Very sincerely yours,

J. D. BARKER,

County Attorney,

Canyon, Texas.

## 70 ATTEND BANQUET

Seventy men and women attended the banquet of the Methodist Men's Club Thursday night. Miss Jennie C. Ritchie gave an interesting account of her trip to India this summer. The girls' sextet from W. T. gave the musical program.

Officers were elected as follows: J. B. Morrisette, president. Bill Downing, vice president. Lige Frieze, sec'y-treas.

The next meeting of the club will be Feb. 6th.

Mrs. J. J. Walker left Saturday for temple to receive medical treatment.

Mr. and Mrs. Olin Lott of Childress spent Sunday at the J. H. Cox home.

## Payment of Taxes Comes to a Close On January 31st

Annual Rush Is Expected Next Week as Time Comes to end for Payment 1935 Assessments

Tax paying time is witnessing a rush at the court house as citizens of the county are eager to dispose of this matter before the dead line on January 31st.

The last week is expected to see the big payments roll in. From indications the collections this year will surpass those of past years.

While poll tax payments have not been rushing, yet it is believed that from the number of those who have asked for information regarding their taxes, that the normal number will be issued. There are approximately 2,200 citizens of legal age in the county to make the poll tax payments.

A large number of exemptions are being issued under the new law which requires that these exemptions shall be secured by all who have become 21 years of age since January 1, 1935, or will become of age at any time during 1936. This class cannot vote in the two primaries, or general election this year without this exemption. Likewise those who moved into the state since January 1, 1935, and were not assessed a poll tax on the rolls must secure an exemption.

Those over the legal age of 60 years are not required to secure an exemption in order to vote. This portion of the law applies only to counties which have a city of more than 10,000 population.

Poll taxes must be paid eventually because property and other kinds of taxes cannot be paid without the poll-tax. The poll tax is a lien upon any real or personal property which may be owned.

## Freight Delivery Is Free to All Parts of Town, Also Pick Up

Freight will be delivered and picked up free of charge from any part of Canyon under a new rule of the Santa Fe, stated R. McGee, Tuesday. This service has been free for some time on certain classes of freight when delivered to business houses. The extension of the service includes freight from any shipping point.

Pick up service on freight is also free, according to the new policy adopted by the railroad.

## Soil Conservation District Is Planned

Burney Slack Asks Re-Election Office of County Judge

BURNEY SLACK

Judge Burney Slack has authorized The News to make his announcement for re-election to the office of County Judge and Ex-Officio School Superintendent. His statement follows:

"As I take this means of announcing to the public as a candidate for re-election to the office of County Judge and Ex-Officio School Superintendent, I am deeply conscious of my limitations under the distressed and distorted time in discharging adequately the responsibility you as citizens of this county have placed upon me as your present County Judge. I am fully aware of the fact that if I am to enjoy any measure of success in meeting these responsibilities and giving good service that I must depend largely upon your co-operation and help.

"You citizens and friends have given me the most gratifying support during this my first year in this office, and I am anticipating with confidence this same wholehearted response to my administration this ensuing year.

"I feel that with the experience gained that I can better serve you in this office for a second term than is possible for me to give in this first term. I am making this campaign strictly on the merits of my present record in the office and my qualifications for the place. I sincerely hope that my record will justify your continued faith in me and that you as citizens will give me due consideration before you vote in the July primary.

"I hope to see each voter personally and present my case before the July primary, but in the event I do not get to see every voter I take this means of soliciting your consideration in my campaign," concluded Judge Slack.

## Mike Allred Draws Two Years on District Court Charge

The trial of Mike Allred charged with theft in an indictment of the grand jury was the only jury case tried this week. Allred was found guilty and given two years in the penitentiary. The charge was in the theft of tractor parts.

M. J. Williams, adm., et al, was given a verdict against the P. & S. Fe Ry. for \$3,500 for the death of Dessie E. Oze in a grade crossing accident.

## W. T. Ex-Student Directors Make Plans For Fall

Superintendent's George Heath of White Deer, J. B. Speer of Morse, and Ferman Sawyer of Canadian, and L. N. George of Hereford were in Canyon Sunday afternoon for a meeting of the board of directors of the W. T. Ex-Students' Association. Lee Johnson is a local member of the board and its secretary.

At the meeting Sunday the board of directors decided that the Ex-student Association of W. T. will join with the associations of the other six teachers colleges in a banquet to be held at Fort Worth during the State Teachers Association meeting next Thanksgiving week.

If present plans are carried out it is probable that there will be from 1,500 to 2,000 present at the banquet and a speaker of national repute will be selected for the occasion.

Judge C. W. Humble In Talk to Commissioners and Farmers of Randall County

TO CALL ELECTION

Petition To Be Presented Friday; Farmers Act as Committeemen Regarding Measure

An election to form a soil conservation district of Randall county will likely be called Friday by the commissioners' court.

Judge C. W. Humble talked to the court yesterday regarding the set-up of a district. A petition has been circulated and will likely contain more than the necessary fifty signatures of property owners in the county when presented Friday.

In addition to the talk with the commissioners yesterday, Judge Humble will meet with the farm council Friday afternoon at which time it will be definitely decided as to the filing of the petition.

Judge Humble recently resigned as county judge of Deaf Smith county to accept a position with the Soil Conservation Service which is opening in Amarillo. He is thoroughly acquainted with the operations of the movement, having assisted in setting it up in nine counties.

"The biggest problem in this section is wind erosion," stated Judge Humble, and this movement was started to take care of this menace. "Regardless of what a good farmer may do, he may have his life's savings wiped out because of a neighbor or non-resident who refuses to do anything about erosion.

In Deaf Smith county 75% of the land is owned by non-residents, while in Randall county about 50% is owned by non-residents.

The workings of the conservation law in short is:

Petition to the commissioners court by 50 property owners. Ordering the election, with 30 days published notice.

If the election carries, order of the county judge is entered on the deed records.

## Newspaper Man Will Lecture Here During Summer

A news clinic will be a feature of the summer school at W. T. this year. It will be conducted by John H. Casey who received his journalistic training under Walter Williams of the University of Missouri and at Stanford University, California.

Dr. J. A. Hill considers Casey a fortunate find to bring to teachers of English and sponsors of school publications, special training that will help them in their school publicity problems. Finances, news policies, editorial features, and special problems of school annuals will be considered.

John Casey, who is now on the staff of the University of Oklahoma, has worked on daily and foreign papers in Iowa, Tennessee, Illinois, Pennsylvania, and in Tokyo, Japan. He knows how to present the newspaper idea to students. He has taught at Stanford University, West Virginia University, Peabody College, and the University of Missouri.

While in Canyon, Casey will address a number of meetings of business men. Clyde W. Warwick, editor of the Canyon News, is arranging for Casey's up-town appearances.

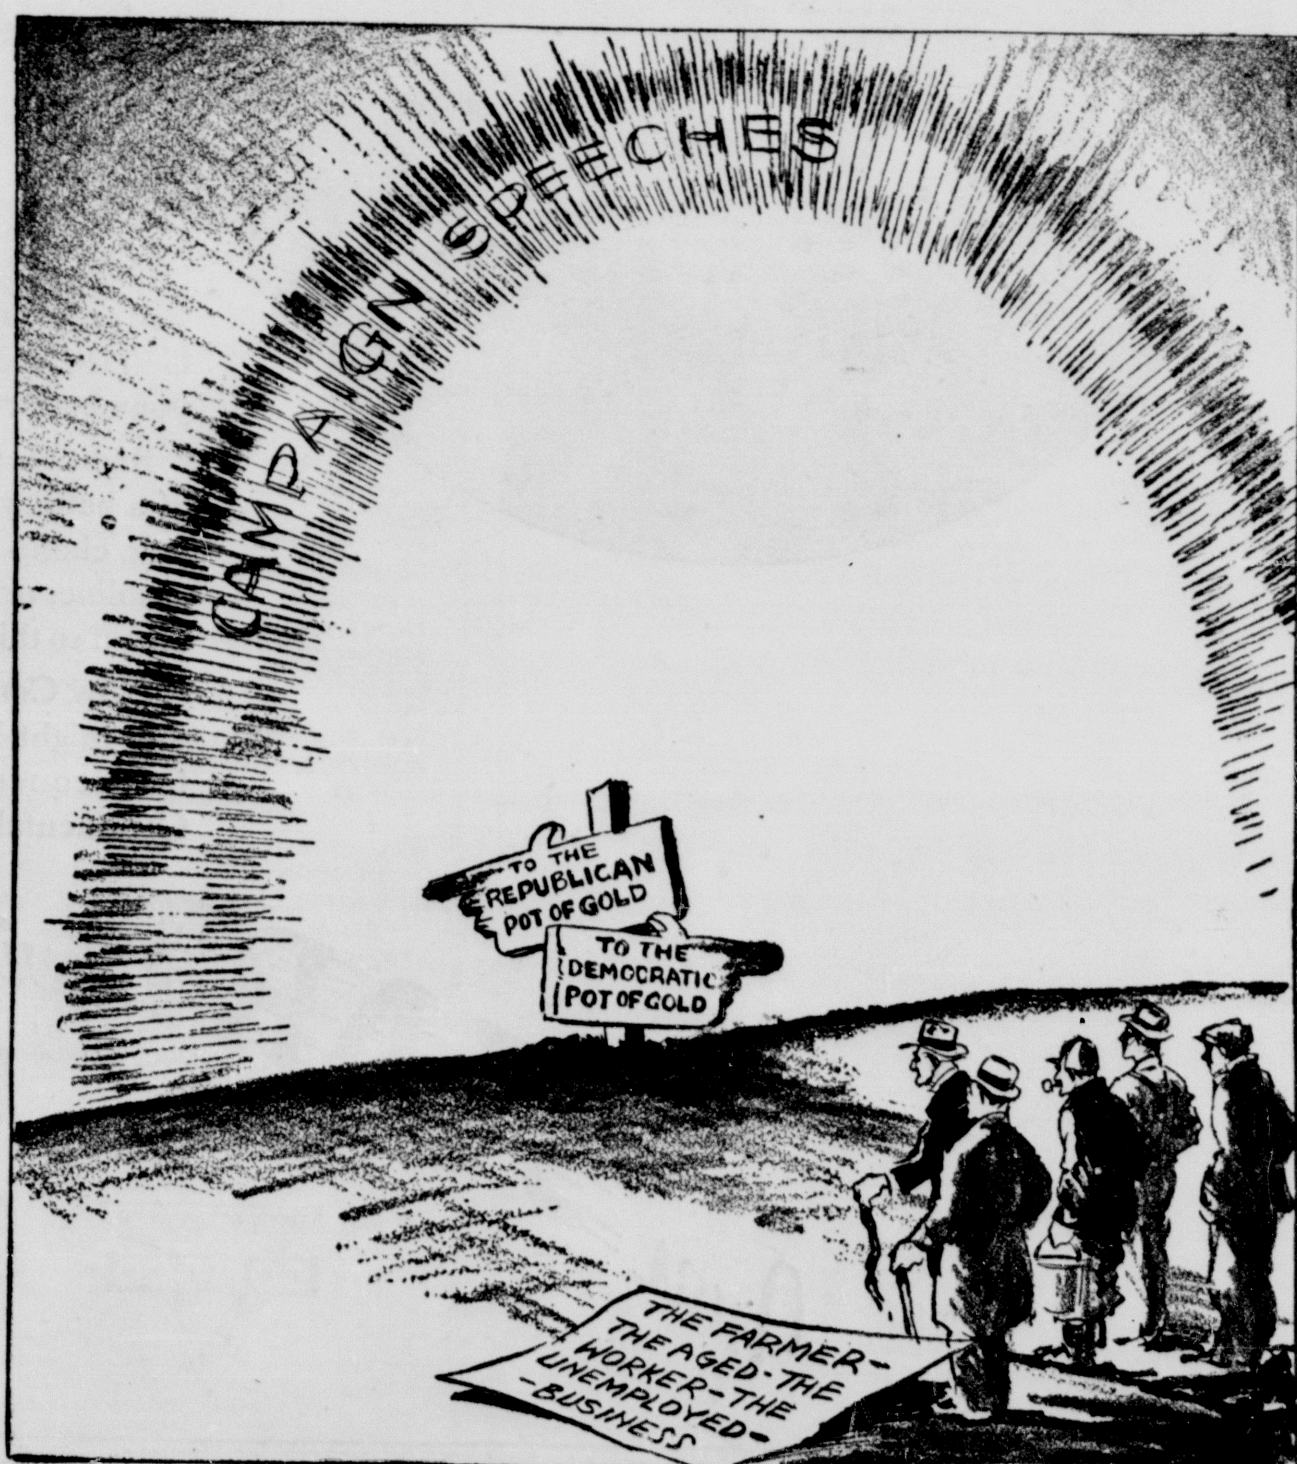

## Postoffice Contract May Be Let Before the First of March

Information regarding local labor conditions was sought Monday by the postoffice department from Postmaster Guy Harp. This information included the prevailing wage scale and the number of local men available. It was indicated that the department contemplated letting the contract for the building before the first of March.

The type of building has not yet been announced from Washington, or the probable cost of the new structure.

This request for labor conditions is the first information received regarding the new post office in about a month.

Big banks of the east threaten to attack FDIC in the courts. This is the guaranty on bank deposits. The bankers state that it is not so much the policy of the act as it is the method. For instance, all banks are charged according to the total amount of their deposits. Yet the law insures deposits only up to \$5,000. Many big banks handle only deposits amounting to large sums, and will not accept small deposits. For this reason they are charged with a heavy expense without their customers receiving any benefit. FDIC came into existence at a time when hundreds of banks were failing. A large portion were small banks scattered over the agricultural section. Yet the aggregate losses of the few big bank failures probably exceeded the total of the group of small bank failures. Many states tried the bank guaranty system and failed in the attempt before FDIC came into existence. Probably the big bankers have a right to object to the present set-up, in which case the law should be changed to insure all deposits of all banks. Confidence has been restored in banks as a result of this insurance. Confidence will be maintained by the thought that the federal government places a guaranty upon bank deposits. In this connection, the public should keep in mind that bankers are guardians of the money deposited with them. If they loan this money upon inadequate security, a loss will likely follow which weakens the entire banking structure. No one should expect a bank to make a loan without ample security, and the government is demanding this. Speculative banking is a thing of the past. Security is demanded even though it may embarrass the pride of many who believe their name or their security should be ample.

Herbert Hoover is greatly enjoying the role of chief spokesman of the Republican party, the nominal head of which he still remains. His farm plan the other night sounded very much like the failure he produced during his administration for so-called farm relief. The farmer will be the last person on earth to be fooled over the Hoover brand of farm relief. However, the campaign is not turning just like the Republicans would like to see it. Four years ago with Hoover on the defense, he undertook to explain the reasons of his failure. In 1936, President Roosevelt is not on the defensive, but is putting up an offensive battle. He is not making excuses for the failure of his laws which have become void through court decisions. He is putting his opponent on the spot by asking which one of the laws they would have repealed. This will be an interesting campaign.

One week more in which to pay your poll tax in order to secure a vote in the primaries. Every person in Randall county of age

should arm himself with a poll tax receipt as interesting things will be happening in the county, district, state and national elections this year. The cost of the receipt is small considering the privilege to which it entitles the holder. Furthermore, the school fund of the state gets this money and the schools should not be deprived of the payments of poll taxes. Pay your poll tax before January 31st in order to be qualified to participate in this year's elections. Young people becoming 21 years of age during 1936 and those who have moved into the state since January 1, 1935, must secure exemptions in order to vote. Those over 60 years of age do not need an exemption.

The two big broadcasting chains have refused to give time to the Republicans to put on skits derogatory to the New Deal. The Republicans have interpreted this rejection as of political significance, claiming the administration has brought pressure upon the chains. If this is true, the broadcasting companies are wrong. But chances are that after reading the script the two companies could see nothing good in the material. Political skits or speeches which have no thought other than belittling the opponents have no place either on the platform or the radio. Politics is supposed to deal with the science of government, and simply berating the other fellow brings forth no constructive thoughts or ideas on political issues.

Seventeen were killed in the most disastrous plane crash of this nation. Bad as the wreck was, it is a small percent as compared with the number of people who are uselessly killed and butchered up every day in car wrecks. Most car accidents could be avoided with care on the part of drivers, both as to speed and operation of the machine, and attention on the part of all pedestrians. The new drivers license law will not eliminate car wrecks, but the presence of a license which may be revoked should have a sobering effect upon drivers. At any rate the new license system is only a beginning which may lead to a better arrangement.

Governor Hoffman of New Jersey has issued a reprieve to Hauptmann which will delay his death for 30 days or more. The Governor believes that more evidence will be uncovered. If so, the reprieve is well taken. But if the Governor is simply attempting to capitalize upon Hauptmann's crime and to bow before the hysteria which always accompanies murder cases, then he shows himself of very small calibre. Every court in the land to which appeal has been taken believes Hauptmann has received a fair trial and that the evidence convicts him. The Governor of New Jersey has no right to delay justice simply for personal gain or notoriety.

Republicans are attempting to drag Woodrow Wilson into the munition investigation. Twenty years have passed since this nation became entangled in European affairs which finally dragged us into the war. If Wilson were alive today and could look back over the world's history he would probably find a number of errors which he committed. Just look back 20 years in your own life and see whether or not your decisions and actions of those days show up very favorably in the light of what has taken place.

It's funny to watch a street talker perform. It matters little whether he has an audience excepting when the hat is passed.

## Worst U. S. Plane Crash Kills 17

Tangled wreckage strewn for a hundred yards and mangled bodies presented a ghastly scene, top, as searching parties located the wreck of a palatial air liner which crashed near Goodwin, Ark., taking 17 lives. Trees snapped off as the plane crashed with a roar. The motor, below, was a hulk of twisted steel, buried deep in the swamp mud. The disaster was the worst in American commercial aviation history.

and then the size of the crowd counts very materially. Those chaps seem to enjoy turning their mouth loose and listening to the rattle of conglomerate mass of unrelated ideas. They remind you so much of a lot of patter which comes over the radio.

When you hear some one criticizing the New Deal, just ask him how he liked the Hoover Deal.

Japan indicates that so far as she is concerned the rest of the world can go and jump into the lake. The Japs intend pursuing their own policy of conquest in the East, and insist upon the remainder of the world leaving them

strictly alone. It becomes more and more evident that the union of nations has gone to smash and that from now on it is every fellow for himself.

Political possibility: Senator Clint Small will be forced by his friends to seek re-election. Strong pressure is being brought to bear upon him by citizens all over the district, and the state as a whole. No man in recent years has written so much constructive legislation on the statute books of the state as has Clint Small.

Two is company, three is a crowd and four is an average load for a two-passenger automobile.

## Professor's Child Attends Unusual Michigan School

Marcia Batchelder, daughter of Prof. and Mrs. C. W. Batchelder, is obtaining a unique educational experience.

Marcia attends the University Elementary School, a unit of the University of Michigan where her father is teaching.

Mrs. Batchelder writes that the enrollment is limited to fifteen pupils per class in the lower grades. Each child progresses at his own rate of speed by the project method.

There are no failures and nothing is said about grades. The pupil advances as his working ability increases.

The competitive element is lacking, and there is no board work or socialized recitation at all. If the pupil needs special attention or coaching, he receives it.

No waste of time is given to the child's learning to spell unnecessary words as each is given a list suited to his own need.

Oral recitation is provided for by a method of round-table discussion where a great deal of freedom is allowed.

Marcia's achievement in this school work shows her adequate training in the Demonstration School.

## LET'S MEASURE UP STRAIGHT

on your winter gasoline

If you work your starter only eight or ten times a day, from now till March 21st, that will be 400 to 500 starts altogether. Let's say you only cut your time in half on each start, using Winter Blend Conoco Bronze gasoline. Even so, that's something like saving your battery 250 starts before next Spring!

Right there Conoco Bronze might easily save you the price of a battery, or the fuss and expense of re-charging. Besides, you choke less, with Conoco Bronze, so you will not waste gasoline, or risk the life of your engine. And neither will your oil get so thin that you change it too often—another good saving.

Now Conoco Bronze costs you only the same as a gasoline you might buy for no special reason at all. Then isn't this a fair request: test a tankful of sure-start Conoco Bronze. Continental Oil Company, Established 1875

## Stafford Hall Will Be Opened February 1st

Furniture Is Scheduled  
To Arrive During  
This Week

Stafford Hall will be open Feb. 1. The kitchen equipment arrived Friday and is being installed.

The furniture, purchased from a Ft. Worth furniture company, will arrive this week, according to a letter just received from the company.

Stafford Hall is the first boys dormitory built on the campus of a Texas State Teachers College.

A unique feature of the structure is, each room will have adjoining individual study rooms, enabling one boy to study without disturbing a sleeping roommate.

## Building Projects On Campus Make Rapid Progress

The numerous building projects under way on the campus are being completed as fast as possible.

The exterior of Cousins Hall addition is practically completed. R. A. Terrill said that barring complications, completion can be expected in eight or ten weeks.

The driveways in front of the Administration Building are completed except for some minor improvements. The caliche base will be leveled and packed, but the asphalt topping will not be put on until spring. The space between the driveways and the sidewalks will be filled and leveled.

Construction on the swimming pool is delayed until labor on other projects is released. Work on the ten cottages is expected to start immediately.

## Yearlings Defeat Amarillo Cagers By 33-27 Score

Upsetting the traditional dope-bucket and rampaging to their fourth consecutive victory, the Yearlings bowled over the Badgers of Amarillo Junior College by a count of 33-27, Thursday night in the Badger gymnasium.

This triumph over the Badgers marks the initial victory for a W. T. Yearling team over the Junior College.

The Badgers opened the fireworks by taking a 5-2 lead, but when the Frosh—led by "Too Tall" Shackelford began to find the hoop, the Badgers stood by and watched the Yearlings pile up a seven point advantage by mid-time.

The closing half was played on

even terms, but was marred with occasional fouls. It gave grave indications that at any time it would be turned into a rough and tumble affair.

Ray Shackelford led the scoring with six field goals and two thank you shots for a total of 14 points. Lloyd Johnson, fish forward, followed with eight. J. C. Geary, Badger guard, came next with seven counters.

## Will Durant To Lecture at W. T. On February 7th

Will Durant, famous American philosopher, will appear here on the third lyceum number of the year, Feb. 7.

William James Durant was born Nov. 5, 1885, in North Adams, Mass. He received his A. B. and A. M. degree from St. Peter's College, Jersey City, N. J., and went to work for Arthur Brisbane as a reporter on one of William Randolph Hearst's New York newspapers where he worked for four months.

Durant toured Europe with Alden Freeman in 1912. In 1913, he began graduate work in philosophy, biology and psychology at Columbia University.

His first book, "Philosophy and the Social Problem," appeared in 1917. Since then he has written several books of importance. One of the best known of his brief works is "The Story of Philosophy," composed of brief summaries of the lives and opinions of the great philosophers.

Will Durant will fill the vacancy left when John Erskine who was scheduled to appear, had to cancel his engagement.

## Frosh Basketeers Meet Badgers In Burton Gym Fri.

An undefeated crew of elevated yearlings will take the court against the Badgers of Amarillo Junior College Friday night in Burton Gymnasium.

In a meeting of the two clubs Thursday, the Yearlings held the upper hand by a count of 33-27. As this marked the first time a Yearling squad has ever defeated A. J. C., the Badgers will be primed for the battle—seeking sweet revenge. The Freshmen starting lineup will find the familiar faces of Shackelford, Johnson, Hayes, Arthur, and Spear. Cullender and Hanson are expected to see much service as a result of their recent showings in practice.

The Amarilloans are led by Elbert Polished floor man, Captain Elbert Whitehead of Dalhart, and Esther Hanna, the crack shooter of the aggregation. Foster Watkins and Barney Morrison will monopolize at the forward posts, while Bege-low will probably get the call at the pivot position.

## A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

## Mrs. Walter Acker To Be Replaced By Mrs. McCaslin

Mrs. Walter Acker, Randall Hall Supervisor, is to be replaced by Mrs. Nancy McCaslin.

Mrs. Nancy McCaslin, for several years, has been running a boarding and rooming house on the edge of the campus and for the last few months has been managing the college cafeteria.

"She is a woman of fine personal ideas and charm, and will be in charge of Randall Hall next semester," said Dr. J. A. Hill.

She came here from the University of Colorado where her husband was a member of the faculty. Since his death she has been in Canyon, educating her two daughters.

Mrs. Acker, who took charge of Randall during the summer, will leave next semester for the Teach-

ers College at Denton. She has obtained a permanent position in Marquis Hall where she will be in charge of both the home and social life of the dormitory.

Dr. Hill's tribute to Mrs. Acker is, "Mrs. Acker has been accepted as a member of our family, and we regret that she is leaving, but we wish her well in her new work."

Some men are successful simply because they didn't have the "advantages" their fathers had.

### INSURANCE COMPANY HAS GOOD STATEMENT FOR '35

Unusual conditions of the past five years have had a marked effect on the investment portfolios of life insurance companies. While few companies have increased in size, measured by total insurance in force, changes in the character of assets of some companies are apparent. A brief analysis of the balance sheet of Southwestern Life, the first of the large Texas companies to publish its annual statement, reveals a high degree of liquidity. The statement appears in The News this week. The net liability to policyholders is less than 27 millions. The company owns securities valued conservatively at 30 millions. Of this amount 15 millions is represented by U. S. Government bonds, cash, and the highest grade State, county, and municipal obligations, which could be sold on today's market for a million dollars more than the amount at which they are carried in the balance sheet. The remaining 15 millions is invested in first mortgage loans on Texas real estate. In addition the company owns real estate, including its home office building, worth about 3 millions.

J. W. Shook represents the company in Canyon.

The gain in insurance in force for 1935 is approximately the same as for 1934, and the company is now larger than at any previous time in its history, with a total of 288 millions of insurance on the lives of approximately 140,000 Texas citizens.

## NYA Leader Talked Tuesday Regarding Future of Work

A. W. Brisbin, NYA Field Representative for District 16, visited Canyon Tuesday in the interest of the NYA.

Speaking before 1,000 college students Brisbin said, "The main purpose of the NYA is to develop young men and women who are old enough to be employable but who have never had regular jobs." He said that in June 1935, there were 2,880,000 young people between the ages of 16 and 25 who were children of parents on relief. According to Brisbin, it is the purpose of the NYA to give employment to these unskilled workers and so add to the income of families on relief.

Recreation, sanitation, better methods of farming, and home making will give employment to rural boys and girls. Others will be employed in public service agencies, research and in parks and playground work in cities.

Asked how long NYA will last, Brisbin said, "NYA is a part of WPA, and it will last until Aug. 31, 1936 unless it is found so valuable that means are provided to continue it." He said: "I believe it will be continued because the people of the nation will recognize the need of some agency to develop young people who will otherwise have no opportunities." Brisbin is acquainted with youth problems in all sections of Texas.

## WALTER IRVIN, INC.

NORTHWEST TEXAS' FINEST FORD SALES AND SERVICE

ments you will find high grade used cars that are of standard make and models and can be purchased at most attractive prices.

One of the chief reasons for their success is that they have given the public credit for intelligence and have respected it in them by only offering good bargains for their money, and only selling cars in a way that will cause them to be highly spoken of by their customers.

Walter Irvin, Inc. prices are fair—based on the actual resale worth of the car in question. And they will tell you the true condition of

any car they offer for sale. They are always careful to guard their high reputation in northwest Texas.

A feature of their establishment that makes this a safe place to buy a good used car is the fact that they have a very complete service department which is equipped to completely rebuild a car in first class style.

Mr. Walter Irvin takes an active interest in the progress and development of the home community, being ready and willing at all times to lend personal assistance to all propositions that promised public improvement.

Wal kids, I guess ye hev drug thru th mid-term eksams, and ud like to hear sumthin funny. I been a scratchin up my rithmetic lately, but I can't see how Miss Goodrich can spend three hours from 4 to 6 ever evenin a gradin eksam papers. I herd Miss Foster say that sum kid said on her eksam that at th end o th 100 years war England lost everything in France excep celery.

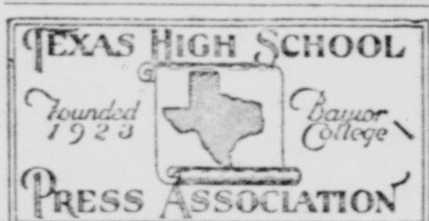

Now I guess we wont hear anymore about GERALD Dean's and Ruby's husban, cause they said they got a divorce, an that they didn't got hush-money. I bet they're rich.

What's goin on between Tod Cone an Helen Johnson. I herd it was cakes an pies. An jus thank, Joe Frank has caught that good-looks disease. He even wants to take that last period typin class. Dodo shore can blush. He said that was what he was doin when Helen an Oba caught im in th Home Economics room a sewin his pants.

Even Speedy an Sweetie believe that a habit is hard to git rid of, but they still walk home together ever day at noon. Sarah Thompson must hev a habit, too. Sunbody saw her ridin in th car with a niger tather day. I thank Overton got rid o his habit too, but she left a scratch on his face. Mr. Carruth is shore getten Eagle spiriter. He was out in front o th scule house a leadin th pep squad last week.

Wal kids, I don't no nothin else funny, cause I been checin up on th Eagles all week, an I'm shore bettin they beat Hereford and Goodnight.

P. S. What this abut th 7 grade kids gettin ahead of the high schul an havin one of them date parties?

## "THANKS A MILLION!"

Here's to a rousing cheer for the school board! This is the way the students and teachers are feeling about it.

With the depression in the past, the Canyon High School Board of Trustees begin enforcing what we might call, "a reconstruction act." The pupils of Canyon High School should be proud of this. The school is helping them in offering them a good education.

The school board has made possible the building of a lounge and dressing room for girls, has purchased new buses, and installed heaters in them, remodeled the Home Economics department, and equipped it with a new stove, and maintains one of the finest libraries for a school of this size in the state.

It is also having installed new, powerful lights in both buildings. Thanks to you, board members. We will do our best to keep these improvements in "Apple Pie" order.

## WE PAY TRIBUTE

**TO RUDYARD KIPLING**  
Rudyard Kipling, English novelist and poet, is dead.

Born in Bombay, India, and educated in England, he has been one of the most striking figures in English literature since 1890, and an outstanding favorite with students of Canyon High School as with students of high schools throughout every nation of the world.

Working on the editorial staff of the Lahore Civil and Military Gazette and later as assistant editor

Eagle's Tale Sends  
Contest Material  
To P. H. S. P. A.

The Eagle's Tale sent its contest material to Panhandle, Jan. 15, to be entered in the Panhandle High School Press Association which will be judged Feb. 1.

At the association, the best high school newspaper, the best editorial, and the best news story will be judged. Cups are offered for these three first places.

The news story entered in the contest was written by Mary Collins on the P. T. A. Carnival and was taken from the issue of Oct. 31, 1935. This story was judged first in the state contest at Belton recently. The editorial, "Christmas Spirit," of the Dec. 19 issue was also entered.

The two consecutive issues of The Eagle's Tale selected for the contest were those of Dec. 19 and Jan. 2.

This association was started by The Eagle's Tale in 1934. It met in Canyon for its first meeting and in Pampa in 1935.

The Eagle's Tale expects to send 26 representatives to the Panhandle meeting.

Carruth Speaks To  
PTA at White Deer

Supt. I. B. Carruth spoke to the Parent-Teachers' Association in White Deer, Monday night at 7:30 o'clock.

His subject was Education in Youth Movement in United States, Russia, and Germany.

He told of how the foreign countries established military camps for boys, paying all expenses, in order to carry out the government's political ideas.

He concluded saying, "This is not true in the United States, as the schools are under control of local government of cities, villages, and rural schools."

Superintendent Carruth spoke to the Panhandle-Plains Superintendent Association, which is the division of the Texas State Teachers Association. He chose as his topic of discussion, Social, Political, and Economic Conditions in Russia, Germany, and England.

Extracts From  
The Exchange

"Something ought to be done about the professors who think enough of their lectures to give quizzes on them."—The Lass-o.

"Are these teachers going crazy, getting absent minded or what? They make the students cover their books, and they don't even have their covered. Absurd, I call it."—The Corral.

"If someone called you a fool, go into silence and meditate because he may be right."—The Bulldog's Growl.

"Hey diddle diddle, Start in the middle, Scan several pages, Decide it's the bunk, Glare at a history, Decide it's a mystery; Don't let it worry you, You'll only flunk."—The Sandstorm.

MRS. I. B. CARRUTH GIVES  
FACULTY ENTERTAINMENTS

With sophisticated jabberings and talk of everything except school work, the faculty gathered at the home of I. B. Carruth last Thursday and Friday nights.

After playing bridge and dominoes, refreshments of tea and coffee, cookies and tuna fish salad were served to the following: Misses Lois Goodrich, Grace M. Clark, Jewell Foster, Mattie Jordan, Elva Fronabarger, and Mrs. T. M. Collins, Mrs. Ola Beason, Mr. and Mrs. Tom Brasher, Mr. Cleveland Jones, Mrs. John M. Davis, Mr. and Mrs. Tom Knighton, Mrs. Isabel Cousins, and Mr. and Mrs. J. W. Kleinschmidt on Thursday night, and on Friday night to: Misses Gwendolyn Black, Fannie Sue Brasuel, Lenna Foster, Ruth Greenfield, Virginia Jarrett, Gladys McClannahan, Annis Smith, Edith Shields, Mr. Gerald Brown, Mr. and Mrs. John B. Pope, and Mr. and Mrs. A. L. Fox.

Lavena Watkins, senior, visited Edna Mae Smith, Saturday night and Sunday in Amarillo.

of the Pioneer at Allahabad, he gained knowledge of Indian life which he revealed to the western world in a direct and realistic way. Kipling's books in the Canyon High School Library are: "Kim," "The Light That Failed," "The Jungle Book," "Captains Courageous," "Just So Stories," "Plain Tales From the Hills," and "Collected Verse."

## T. H. S. P. A. Officers---1936

Texas High School Press Association elected the following officers at their fourteenth annual convention at Mary Hardin-Baylor Belton recently: Reading from left to right, standing, Bill Moss, vice-president, San Marcos Academy; Frankie Mae Poff, corresponding secretary, Abilene; Carol Rogers, president, Navasota; Dorothy Jones, recording secretary, Jefferson Davis, Houston; seated, Virginia Gureley, Waco; Sarah Lewis, Waxahachie, both members of executive board; Bill Busbee, treasurer, Alamo Heights, San Antonio; Frances Harris, executive board member, Calvert.

School Will Offer  
General Home Ec.

For the first time in the history of Canyon High School, home-making is being offered to the boys as well as the girls, under the direction of Miss Fannie Sue Brasuel.

The things in which they are most interested are manners, learning to prepare foods, clothing selection, and care of clothing.

The members are going to make butcher aprons out of old feed sacks and use these during their cooking unit.

Although more boys are expected to become members of the class, Woodrow Hicks, Lavert Ament, Mabry Vandergriff, Fairy Hill, Jack Inman, Douglas Brasuel, Forest Hill, J. C. Bellah, and Nelson Robinson are the only ones who have joined so far.

Sir Gerald Plays  
"Chivalry Forever"

The days of chivalry will never cease, and neither will days for paying tailor bills! But Sir Walter Raleigh doesn't think of tailor bills, but he thinks only of chivalry toward beautiful women.

What could be more thrilling than to be driving along some cold night when your frozen radiator was smoking and choking up, and a handsome unknown gentleman stopped and offered you his assistance. Then to make your heart beat faster, he immediately removed his overcoat and put it over your radiator, thus revealing his identity as Sir Walter Raleigh.

Miss Lenna Foster, sponsor of the basketball girls, was certainly thankful for Sir Walter Raleigh last Saturday night when she became an actual character in such an actual incident, while returning from the basketball game at Happy.

But Coach Gerald Brown, acting as Sir Walter, might not have felt so warm before he reached Canyon.

Students Study  
Newspaper of 1800

Mrs. John L. Hammond, mother of Beulah and Martha Hammond, students in 5A and 4B respectively, has lent Miss Elva Fronabarger, elementary school principal, a copy of the Ulster County Gazette, January 4, 1800.

The Gazette, printed by Samuel Freeman and son, is filled with the particulars of George Washington's death and funeral. It also contained local, foreign, and congressional news, with many peculiar advertisements. The letter "I" was used within words instead of "s."

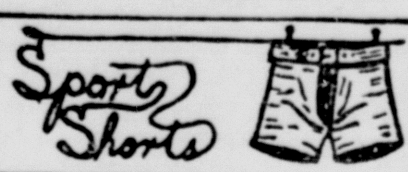

The paper was found in some old papers of Mrs. Hammond's father. The paper has been framed in glass and will be given to the Panhandle-Plains Historical Museum when the students of the grade school have finished their study of it.

Hampton Lisle and Bill Cone, '35, visited the Press Club room last Monday night.

Jean Slack, junior, spent Sunday with Anna Mayo Sharp, in Tulia.

## THOUGHT OF THE WEEK

None of us can live well by an occasional good resolution. We must store up, by a habit of well doing, a fund of moral power to brace us against sudden temptation and to hold us true to the ideal.

The girls' basketball team and boys' team have seemed more like they belong to the same school this year. Before this year the teams have been like strangers to each other. The two teams have been riding in the school bus together on their trips. Ask the girls if they didn't appreciate the boys giving yells for them at Dumas and letting everyone know that they were from Canyon High School.

Yes, thanksgiving is coming again but between now and then the girls are thankful whether its for leap year's sake or for something else.

Well, the Eagles were defeated but not discouraged in the games at Levelland last week. Friendship, a small school near Lubbock, defeated them after the local basketballers had won from Smyer.

With slight changes in the line up, the Eagles appear to be in good condition for the games next week end.

Girls' baseball in the gymnasium at noon has seemed to arouse a great deal of enthusiasm among the players as well as the spectators.

Girls In Home Ec.  
Will Remodel Dept.

The Third Year Home Economics class is going to redecorate the department. Beginning next week, Helen Edwards will do her practice teaching in this class.

Three weeks will be spent in making the department more home like. New curtains for the dining room are going to be made. Chair cushions for dining room chairs will also be made.

The kitchen tables are to be revarnished. The machine covers are going to be made over by making them longer and putting on new borders. Pictures will be selected and hung in the dining room.

Hazel Benton, junior, visited in Post over the week end.

Evelyn Cluck went to Amarillo Sunday.

## Eaglettes Entertained; Book Club Meets

The basketball girls were entertained Jan. 14 by Mary Collins. The girls attended the show at the high school, after which they returned to the home of Mary Collins where a plate lunch was served to the following: Anna Kathryn Overton, Mary Ella Davis, Natalie Flesher, Carolyn Mayfield, Billy Louise Greenfield, Edrie McNeil, Renna Beth Bellah, Wanda Brock, Polly Little, and Eddie Hagood.

The Press Club was served by Mrs. Grady Oldham with sandwiches, cookies, pickles, and hot chocolate Jan. 13, while they were working to put out last week's issue of The Eagle's Tale.

The 4B and 4A are starting a new project on Holland. They are building a theater and making puppets to be used in the play which the children are writing. When the project is finished, a program, in which the theater and the puppets will be used, will be given to their parents.

"Resolved: That Spanish should be taught to Freshmen" was the subject of debate at La Tertulia last Tuesday night which was entertained by C. L. Drummond and

Whew! Thirteen  
100's Made On  
Mid-Term Exams

100,100,100,—Whew! There were thirteen of them made on the mid-term examinations. Lucky for one person because she made two of them.

Mary Ella Davis is to be praised on making 100 in English IV and in Bookkeeping, besides making 90 in civics, B in typing, and editing The Eagle's Tale, and making the basketball team.

You have often heard that freshmen were green, but with five of them making 100's on their tests you can change your minds.

Seniors, rank second with three of them making four 100's or rather one making two 100's and two making 100 each.

The sophomores aren't so dumb either; three 100's were made in their class.

The poor juniors came out with only one to their credit, and that was made by a junior in freshman algebra.

Miss Clark's students seemed to have been lucky last Thursday and Friday, for nine of the 100's were made in her algebra classes. Seven students in Algebra I made 100's. Those were: Lois Bolin, Obara Burgan, Carl Cone, Ruth Gill, Joe Gill, Geraldine Hart, and Charlotte Beth Henderson. In Algebra II, there were Sam Robinson, and Lillian Chambers.

Mary Ella Davis, Billie Bee Flesher and Fay Plaster won a two-hour victory in their bookkeeping examination with three 100's.

Education Doesn't  
Work In C. H. S.

"All aboard, all aboard for studying and all points of education," calls conductor Ola Beason to her class of 2A on a school train. A school room train? Sure, they're drawing trains in art, building trains in the activity periods, writing about trains in English, and adding trains in arithmetic.

But the 2A is not the only one that is going abroad. 2B, under the supervision of Mrs. Tom Brasher, is traveling aloft. How? In airplanes. All of their studies they are taking with them on the airplane lines. They're enjoying it too.

We have some real cowboys and cowgirls in the school too. What? Sure! They have cowhand names and names for their stick horses, too. And they know all about the range from their courses of study about it. All the cowhands of 3A and B, and Miss Ruth Greenfield, teacher, got together Tuesday for a real festival portraying scenes, in playlets of their own originality. Guests receiving hot chocolate and cookies from the chuck wagon were: Supt. I. B. Carruth, Misses Elva Fronabarger, Gwendolyn Black, Virginia Jarrett, Mrs. Carl Scott, and Mrs. T. W. Collins.

PATTERSON TALKS BEFORE  
ASSEMBLY WEDNESDAY

George A. Patterson, United States Marine for six years, talked to the student body in assembly last Wednesday on his life with the marines.

Mr. Patterson spent several years in Nicaragua and Shanghai. He showed the group a number of photographs of his travels.

Mr. R. G. Stevenson, band director of the Canyon Public Schools, played two solos, accompanied by Miss Gwendolyn Black, music teacher. His selections were "The Holy City" and "Sweet Bunch of Daisies."

EAGLE TEAMS CLASH WITH  
HEREFORD WHITEFACES AT  
HEREFORD SATURDAY NIGHTEaglettes Win  
Friday; Eagles  
Win From Smyer

The Eaglettes clashed with the Union Hill sextet last Friday night in the grade school gymnasium to win a victory of 18 to 12. Union Hill lead at the half 6 to 4 and continued this lead until the middle of the third quarter when the Eaglettes started scoring.

Davis of Canyon was high point player with nine points and McNeil of Canyon and M. Watts of Union Hill coming close with eight points each.

Those seeing service during the game were: Davis, McNeil, Slack, Collins, Brock, Overton, Greenfield, Donnell, Mayfield, Bellah, and Flesher.

## Eaglettes Lose Saturday

With a breath-taking loss of 12 to 15 the Eaglettes returned the game with the Union Hill sextet at Happy High School gymnasium Saturday night. The Union Hill sextet lead all through the game. The Eaglettes made most of their points in the fourth quarter. Davis and M. Watts tied for high-point honors with eight points.

Those who played were: Donnell, Mayfield, Bellah, McNeil, Davis, Brock, Collins, Overton, and Greenfield.

## Eagles Eliminated

The Eagles were eliminated from the Levelland Tournament in their second game Friday, 27 to 12 by the towering Frinedship quintet. The Eagles won their first combat with Smyer by a score of 44 to 10. The Eagles second team played a major part of the last half in the Smyer game. Darwin Dobbs was high point man with 14 points.

The Friendship team scored 17 of its 27 points on free goals. Both first string guards, Wesley Cox and Thomas Harris, fouled out during the third quarter of the Friendship game.

Bellah Wins First  
In Home Ec. Show

Renna Beth Bellah, freshman, took first place at the annual Home Economics Style Show held Jan. 14, at 10 o'clock in the Home Economics department of Canyon High School. Second place was awarded to Edrie McNeil, freshman, and third place went to Charlotte Beth Henderson, freshman. The seventeen girls that took part in the style show are members of the First Year Home Economics Class. This completes their sewing unit.

Renna Beth's dress was red-checked with a white collar opening in the back and white buttons. In the center front of the collar the initials "R. B. B." were embroidered in red.

The dresses were judged by Mrs. Frank R. Phillips, Evelyn Cluck, junior, and Christine Shackleford, graduate of '34, on the following bases: appearance, style, color, suitability, and workmanship.

Jack Inman, Billy Sternberg, Fairy Hill, Jack Middleton, J. C. Bellah, Ed Gidden, and Forest Hill went to Happy to the game Saturday night.

O. M. Solomon visited in school Monday afternoon and helped the typists with The Eagle's Tale copy.

## GUESS WHO

Brown hair, Face, round and fair, Doesn't dance, likes to sing, Wears at "36" senior ring. A Plymouth car she drives around And resides in the west end of town. Answer to last week's "Guess Who," Jack Middleton.

Both Teams Will Battle  
Goodnight Here  
Sat. Night

Battling with swift, well-timed plays in every work-out, the Eagles and Eaglettes claim to have accomplished perfect teamwork, and expect to hold their classification as a pair of the best teams in the Panhandle, when they meet the Hereford Whitefaces here tomorrow night, and Goodnight here Saturday night.

With seven teams as losers and two as victors off the schedule, the Eagles seem to be making a climbing trail. They have won over Dimmitt, Channing, Dumas, Smyer, Tulia, and twice over Happy, and have lost only to Friona and Friendship.

## Eagles Doped to Win

Canyon and Hereford have played two common teams. Both were defeated by Friona, but Hereford lost to Tulia the night after Canyon had doped them 24 to 13.

Goodnight and Canyon have no given facts to be compared; since these two teams have not played any common team this year. They have never met before in history.

## Eaglettes Stand Chance

This will be the first time this season for the Eaglettes to meet the Hereford sextet, who defeated them last year.

Saturday night the Eaglettes will meet the sextet from Goodnight in the grade school gymnasium—the fourth home game this season. This will be the first time the Eaglettes and the Goodnight sextet have clashed.

Captain Brock said, "We have two stiff games this week end, but I think, by good playing, we will win them with high scores."

The probable line-up for the games are: Davis, Slack, McNeil, Brock, Overton, and Collins.

Kiker and Steen  
Remodeled Lockers

The girls' locker room is being remodeled. Mr. Milton Kiker and Mr. I. M. Steen have been working on the girls' locker room since Thursday noon.

They have moved the lockers from the locker room to the hall where they have been lined up against the walls. The locker room is to be partitioned, affording both a lounge room and a basketball girls' dressing room.

The lounge room is to be painted in ivory, and attractively finished with a bed, dressing table and chairs.

Goodrich Will Lead  
Editor Discussion

Miss Lois Goodrich, sponsor of The Eagle's Tale, will have charge of the editors round table discussion which will be held during the Panhandle High School Press Association.

The association will meet in Panhandle on Feb. 1, and the Canyon High School Press Club plans to attend. The members will go in one of the school buses.

The editors, reporters, business managers, feature writers, and sports writers will attend sectional meetings and discuss the problems peculiar to each group. One hundred and fifty students from different Press Clubs in the Panhandle are expected to attend.

Miss Annis Smith went to White Deer Monday with Mr. and Mrs. I. B. Carruth to attend the P. T. A. meeting there. Mr. and Mrs. Carruth had dinner with Mr. and Mrs. George Heath. Mr. Carruth had a part on the program at the P. T. A. meeting.

## Wayside Items

What a cold spell reached us Saturday morning. About three inches of snow, with a cold wind blowing. No mail for the day, but came Monday. Glad to report a moderation of the cold.

Mrs. Billie Washburn and sick babe are with her sister, Mrs. Bertha Spann at Panhandle to be near medical assistance. Babe still has spells of coughing; some signs of improvement.

Rev. N. S. Daniel failed to reach his appointment Sunday at Wayside. Suppose the inclement weather prevented. He and his family have had severe colds.

W. R. Franklin is still in bed with a severe case of mumps. Both sides of his face is badly swollen, and runs a temperature lots of the time. Has a good appetite; his family is hopeful that he will be all right soon.

Mrs. Ella Simonds and sons, Earl and Pat of Ft. Worth reached Wayside Tuesday visiting her brother, W. I. Lane.

Friday morning W. I. Lane and wife, Mrs. Simonds and boys with W. J. Sluder left for Panhandle to visit with Mrs. George Hancock and family. Leaving Mr. Sluder at Claude to attend to business they proceeded to Pampa and had a good visit with their relatives. Mrs. Lane remained until Sunday. Mr. Lane returned same day, picking up Mr. Sluder on his return.

Howard Yerber, 6 years old, while cutting wood last week, had a piece fly up and strike him on the mouth. Thursday night his father carried him to Tulla where he had a tooth drawn and lip stitched.

Quite a surprise to some of the Waysiders to hear the mail route had been changed to run past John T. McGehee's.

Irving Lane has a friend in Alaska who writes that it is 62

degrees below where he is. He works on a construction gang—wages \$18.00 per day. Interesting to hear of the clothing he wears. Mack Rogers of Canyon was buried at Wayside cemetery Friday afternoon. Funeral rites were held in Canyon at Church of God Assembly. He leaves a devoted family and many friends to mourn his departure.

Sunday School last Sabbath here led by Roland Moore, and a few members who braved the cold. We feel proud of our Sunday School at Wayside.

Three members of Mrs. M. L. McGee's family in Canyon (Waysiders) have mumps: Kotton, Lyman, and Sarah Beth.

## Coldest Wave Of Year Hits Saturday; Little Snow

### Mercury Goes Down to 10 Degrees Above—Warmer Weather Comes After the Big Drop

The coldest wave of the year hit Canyon Saturday and Sunday, sending the mercury down to 12 degrees above zero.

A light snow fell Saturday morning, but little moisture resulted in this section of the Panhandle. The snow was much heavier to the south.

The temperature Saturday was 14 degrees above zero; 12 degrees above on Sunday; and had risen to 20 degrees above, Monday.

#### CARD OF THANKS

We wish to express our very deep appreciation to the many friends, neighbors, organizations and churches of Canyon for the kindnesses shown, the words of sympathy expressed, and the deeds of helpfulness rendered during our bereavement. Words cannot express the gratitude which is ours in the sorrow which you have shared with us.

## Many Magazines are Placed in Library by Local Citizens

Miss Fannie Malone reports that many citizens are contributing magazines to the Randall County Library which are greatly appreciated.

James Lovell has given a large number which were needed to complete the files. Mr. Lovell has recently returned to Randall from Deaf Smith county.

Mrs. Levi Cole, Mrs. W. H. Lewis, Miss Jessie DeGraffenried and many others bring magazines to the library every month.

"We still need some magazines to complete our files," states Miss Malone. "The magazines which we do not need are turned over to the county schools."

Forty new books were added to the library this week. All are popular fiction. The first of this month a donation of 24 children's books was made by a local citizen.

## Bufs Take Two Games But Lost Hardin-Simmons

The Bufs lost the first of a two game series with Hardin-Simmons at Abilene last night, 36-32. The Simmons team took charge of the game early and maintained a lead throughout. At only one time were the Bufs within 3 points of the Cowboys.

Colvin went out on fouls early in the second half.

The Bufs handily won two games Friday and Saturday night from the St. Mary's Rattlers, 36-24 and 55-26.

Following another game with Simmons tonight, A. C. C. will be played Friday night.

Monday and Tuesday New Mexico State Teachers will play in Canyon.

## Soil Erosion

(Continued from page one)

The commissioners court organizes the work, has power to appoint farmer committees who shall report to the court those who are allowing their land to blow away. If work is done on land, the expense becomes a first lien. Homesteads are exempted.

In Deaf Smith and Moore counties non-residents were notified of the new law, and nearly every one entered heartily into the plans. "Those who oppose erosion work are simply opposing their own interests," stated Judge Humble, as he urged that the district be formed for the protection of those who want to save their own land.

No money is provided to carry on the work. The commissioners and county officers take the added labor and responsibilities without pay. Farmers who serve on local committees serve without pay, states Judge Humble.

Citizens of the county who are interested in hearing Judge Humble discuss the plan may do so Friday afternoon at the court house.

## Jarrett Gives Plan

(Continued from first page)

students for secretarial, stenographic and general business administration, as well as training teachers to do this work in high schools. This will be a four year course, without teacher training excepting for those who expect to qualify for teachers of this work.

According to Dean Jarrett the new set-up is somewhat unique, especially the idea of issuing the B. B. A. degree. Many teachers colleges have started the five year courses, the first two years devoted to general education and three for professional training. Greely, Colorado, is a notable example.

The controlling factor in offering general courses is due to the fact that as the school system has developed to such an extent as to demand teachers with better

training. There is no necessity to grant certificates the first two years.

W. T. has been a pioneer in development. It was the first to offer the five year course leading to the M. A. degree. It was the first to have a dormitory on the campus. It has led in other improvements. The teacher training institutions will have more general work in the future, believes Dean Jarrett.

An effort will be made the coming summer to bring more people to the College, stated Dean Jarrett. To do so, something unusual must be offered, and then they must be well cared for when they come. A number of outstanding features will be offered during the summer when experts will be invited to give instruction on school laws, the problems of government, and health program. Nationally known people will be invited. An artists' colony will be established in the Palo Duro State Park as an attraction to art students.

"The law of averages will work," stated Dean Jarrett. "With more people coming in the summer, more will come in the regular session."

President J. A. Hill added that the attendance now is the largest in the history of W. T. He wanted every citizen to understand what was going on in the institution and be a booster for the program. Expanding the physical plant meant a bigger and better college; which reflected in a bigger and better town.

Visitors present were: Allen Early, C. R. McAfee, R. E. Wertz, Emmett Galloway, W. C. Gary, B. I. Barfield, Ralph Dyking, Judge C. E. Nelson, all of Amarillo; Tom Nabors of Plainview.

#### L. A. WARREN HURT

L. A. Warren of Cisco was badly injured in a car accident last week. He is now in the hospital with a cut on his head, his chest injured, and one knee cap crushed. He was unable to attend his mother's funeral last Sunday and will likely be in the hospital for some time.

## Taxpayers

Your 1935 TAXES are now due and must be paid before the first day of February, 1936, to avoid penalty.

Both men and women are required to pay their poll tax. Unpaid poll taxes are a lien upon any real or personal property you may own, or come into possession of.

Those who are 60 years of age or more are not required to have an exemption to vote; those who have moved into the county since January 1, 1935, are required to have an exemption; those who have become 21 years of age since January 1, 1935, or will become of age during 1936 are required to secure an exemption certificate during January, 1936, before they may vote in any of the elections during the year; no charge is made for these exemptions.

1936 automobile license fees cannot be paid before February 1st, 1936, but must be paid between Feb. 1st and April 1st, 1936.
